Keltron TA05 Modular LED Annunciators

Enables instant event identification

Provides low-cost option

Resists tampering and wear

The Keltron TA modular LED tabular annunciators enable immediate identification of all alarm, trouble or off-normal fire, security or environmental conditions. TA Series UL-listed annunciators are easily installed, highly reliable and can be easily modified, and provides a cost effective alternative to standard silk-screened or press-on letter type annunciators.

TA Annunciator features

- UL-listed and CSFM listed
- 10-25% lower cost than custom annunciators
- Mounts in a standard gang box
- Interoperates with standard control panels
- High-intensity LEDs enable accurate zone identification. Available in two colors, red for alarm and yellow for trouble. The LEDs are rated for 100,000 hours of life.
- Rugged anodized aluminum faceplate, painted red. Moisture and corrosion resistant.
- Opaque, masked, type-able plastic legend strips may be easily modified. Inserts accommodate up to 20 typed characters or 20 eight-point transfer letters per zone. LED indicators are visible through legend only when lit. Legends are inserted behind plastic faceplate for additional protection from tampering, vandalism and the elements.
- High impact plastic faceplates and legend holders are durable, scratch-resistant and require no maintenance.
- Ships completely assembled and ready for easy installation
- Standard units operate from 2 volts, current limited or 5, 12 or 24 VDC

TA Annunciator options

Exterior mounting
 LEDs in green, amber, orange, blue or clear
 Stainless steel faceplate
 Surface or flush mounted, refer to table

TA Annunciator specifications

Keltron part number - WP-1
 Model number - TA05
 Zones of indication - 5
 Mounting:
 Surface* - BB1
 Flush ** - 1
 Exterior - WP1

*Keltron BB Series back boxes, Wiremold™ electrical boxes
 **Raco 519™ or equivalent gangable electrical boxes

(subject to change without notice)

Availability and pricing

The standard Keltron TA modular LED annunciator is available for immediate delivery.
 For pricing and additional information, contact the Keltron Sales Department at 781-894-8710 X2054 or sales@keltroncorp.com.

Keltron develops and manufactures universally-compatible, UL listed life safety event management systems for the multi-building facility and municipal markets. Solutions include Ethernet(IP), active network radio, distributed multiplex, digital communicator/receivers, and direct wire signaling systems. This document is not intended for installation or maintenance purposes. All specifications are subject to changes without notice.
