KELTRON®

Keltron DataTap™ FACP Compatibility Chart

Keltron's systems offer the unique ability to interface with more than 90 different models and brands of fire alarm control panels (FACPs) to provide the operator with easy-to-read, comprehensive and accurate fire and life safety monitoring information.

For your convenience, the following table indicates the models and brands of FACPs with a serial output to enable data transfer with the Keltron DataTap™ and establish the FACP to radio interface. Since we are continually adding new FACPs to our list, please contact us for the most current version.

Brand	Model
Advanced	Axis AX Series
Ansul	IQ396
Autocall	AC II
Chemtron	300-1, 400-1
Edwards - UTC	EST2, EST3, EST3 Network
	IRC-3, iO64, iO500, iO1000
	QuickStart Series (QSC, QS1, QS4)
Faraday	MPC-2000, MPC-6000, MPC-7000
FCI	7100 Series (7100-1, 7100-2, 7100-1D, 7100-2D)
	7200
	FC-ID
Fenwal	FENWALNET 2000, 6000, 8000
Fire-Lite	MS9200, MS9200UD, MS9200UDLS, MS9600
Gamewell-FCI	S3, E3, E3 Network
Gamewell	IF 600 Series
Grinnell/Thorn	IFX-500, TFX-800
Harrington Signal	FireSpy™ Tracker 2000, Tracker 8000
Kidde	Aries, Aries MLX, Aries NetLink, Aries SLX
Mircom	FX-2000, FX-2000N (FlexNet)
Mirtone	MIR2
Notifier	AFC-600
	AFP-1010, AFP-200, AFP-300, AFP-400
	AM2020
	NCA, NCA2
	NFS-320, NFS-640, NFS2-640
	NFS-3030, NFS2-3030 (Standalone or Networked)
	NFW-100, NFW-100-2
Potter Signal	IPA Series, AFC Series
Siemens	XLS, MXL, MXL-IQ, MXLV
Silent Knight	5700, 5808, 5820, 5820XL
	6820/6820EVS, IFP1000
JCI/Simplex/Autocall	4010, 4020, 4100, 4100U, 4120
Wormald	MZ20P

Note: for a Keltron transceiver to monitor a fire panel, the panel must have a serial data output or compatible hardware outputs that are active and can be monitored.

Some panels may require additional modules or reprogramming. Please consult your panel manufacturer or service company to obtain specific requirements for your existing fire alarm panels. Upon request Keltron will provide data sheets showing panel serial data port configurations and programming requirements.

Keltron develops and manufactures universally-compatible, UL listed life safety event management systems for multi-building facility and municipal environments. Solutions include Ethernet (IP), dual-path IP/cellular and radio/IP, active network radio, digital communicator/receivers, and direct wire signaling systems. For more information visit www.keltroncorp.com or contact us at 781-894-8710. ISO 9001-certified. Made in the USA.
